(b) will Government consider to pay compensation at the same rate to all the bereaved families of those Army personnel, who sacrificed their lives at Kargil sector irrespective of time limit?

THE MINISTER OF DEFENCE (SHRI GEORGE FERNANDES): (a) and (b) As per extant Government orders, ex- gratia compensation is paid to the next of kin of battle casualities on the follwing rates:—

(i) Death occurring (a) due to accidents in the course of performance of duties and (b) in the course of performance of duties attributable to acts of violence by terrorists, anti-social elements etc. Rs. 5 lakhs

(ii) Death occurring (a) during border skirmishes and (b) action against militants, terrorists, extremists etc. Rs. 7.5 lakhs

(iii) Death occurring during enemy action in international war or such war like engagements which are specifically notified by Ministry of Defence. Rs. 10 lakhs

The Kargil operation was treated as a war-like engagement and therefore, ex-gratia of Rs. 10 lakhs was paid to the next of kin of those killed in the said operation for the period from 1st May, 1999 to 31st October, 1999. Now that the war-like situation in Kargil is over resulting in the reduction in the levels of risk as well as intensity of action involved, ex-gratia of Rs. 7.5 lakhs, as in case of death occurring during border skirmishes is being paid to the next of kin of soldiers who sacrifice their lives in Kargil.

Military Training for Students

623. SHRI NANA DESHMUKH : Will the Minister of DEFENCE be pleased to state:

(a) whether it is a fact that the system of compulsory military training to all the students irrespective of their sex is followed in many nations all over the world;

(b) if so, the name of the nations where military training is being imparted; and

(c) whether Government would consider introducing such a scheme in India?

THE MINISTER OF DEFENCE (SHRI GEORGE FERNANDES): (a) and (b) Information in this regard is not maintained.

(c) There is no scheme under consideration to impart military training to all students.

Avert of mid air Collision

624. SHRI SURESH KALMADI: Will the Minister of DEFENCE be pleased to state:

(a) whether it is a fact that a major mid air collision involving an IAF Itushyin-76 and a Navy Tupoler-142M, aricraft was averted by sheer luck;

(b) whether the aircrafts were separated by 600 feet only which is suicidal in aeronautical terms as the two were flying on top of each other; and

(c) whether IL-76 is ill suited for low flying and TU-142M, is used only for tow level surveillance over sea?

, THE MINISTER OF DEFENCE (SHRI GEORGE FERNANDES): (a) on 26th January, 2000, as part of the Republic Day Parade flypast, a formation of three TU-142M aircraft of Navy overtook the IAFs Big Boy formation of IL-76, AN-32 and Dornier aircrafts, as they flew past the saluting dais. There was no danger of a mid air collision. The TU formation had the IL formation in sight from the time of leaving the holding position and ensured that adequate vertical separation was maintained through out.

(b) At the time of overtake, the two formations were separated vertically by 600 feet. There was adequate safety due to the reasons mat the lAF's Big Boy formation was flying straight and level at a height of 1000 feet Above Ground Level (AGL) whereas the TU-142 formation was climbing passing 1600 feet AGL when it crossed above the Big Boy formation. Further, both the formations were well aware of the air situation. As per international regulations, a vertical separation, of only 1000 ft between reciprocal traffic and 500 ft otherwise is acceptable.

(c) The IL-76 is used for many different low flying exercises by the IAF, and all its crew are competent to undertake such exercises. The TU-142M aircraft is a long range reconnaissance aircraft, that operates at all levels.
